John S. Sayward,—Editor.

TUESDAY, FEBRUARY 2, 1847.

☞ The loco presses in Maine entertain high hopes, they have at length seized upon something substantial there is likely to be a grand explosion among the Whigs, the like of which never was seen, and locofocoism can then go forward in its plans without any one to check it!

The first and original discoverer of all this was the editor of the Bangor Democrat which until the Bangor Whig did not for several days after its receipt publish a report of a little speech made by Mr Clay at a dinner party in New Orleans!

There was a weather breeder then by the loco-foco press and nursed and fed by this Democrat man delegate applauded with the utmost devotion and simplicity. Hoping gently suggested that he had omitted to publish the report of Mr Clay

Just so thought we, it was a poor though very brief, speech for Mr Clay, or badly reported

The Democrat man now grew a little bolder and charged the Whig press not to publish [illegible], probably because it was not favorable to Mr Clay.

But, Mr Clay could not be [illegible] an opportunity to [illegible] and [illegible] forced to [illegible] and [illegible] interests on such a [illegible] we certainly [illegible] with him.

This is the great issue—the [illegible] which engages their attention [illegible] out of which they hope to make [illegible] them or the most of it. We doubt [illegible] Mr Clay ever made [illegible] to insult by the loco press, and ever [illegible] a playful manner and [illegible] the social and personal friends, let [illegible] [illegible] [illegible]

THOMPSON'S COMPOUND SYRUP OF TAR AND WOOD NAPTHA

FOR THE

CURE of PULMONARY CONSUMPTION

Coughs Spitting Blood Bronchitis Asthma, Pain in the Breast Hoarseness Loss of Voice Weakness of the Lungs, and all

Complaints of the Throat and Lungs

It is not our practice to notice the various popular medicines of the day but in the present instance we be induced to depart from our usual rule from the confidence we have in the medicine and the truth of the statements it contains that we would be worse than useless if we did not place upon it the merits of its present well established testimonials of being a most valuable and reliable remedy in this place, where it originates, there is no one the public can judge of its virtues better than the Boston papers—the following is from the Boston Courier

This SYRUP is used under the direction of members of the Faculty at the Medical College in Philadelphia

Such testimony is alone sufficient to entitle it to public confidence again the low prices at which it is sold places it within the reach of everybody. In our estimation the above testimonials are nothing as claiming to be an extraordinary remedy when we look for these forms of disease

Prepared only by ANGUS B DICKSON—(successor to S P Thompson)—at the Lamp Number of Fifth and Spruce streets Philadelphia

Price 50 cents, 6 bottles for $2 50

☞ CAUTION—Beware of spurious imitations of this valuable medicine and purchase no medicine which purports to contain Tar & Wood Naptha, as all have, in order to secure the confidence of the genuine Thompsons Compound Syrup of Tar and Wood Naptha, which is the most valuable medicine ever offered to the public containing the active principle of *Tar* or *Naptha* in a concentrated state. Therefore avoid all spurious Preparations
